85% of customers go with the advice of their framer.

Glazing Selling Tips

- 1 Place this point-of-purchase display with AR Reflection Free Glass and Premium Clear® Glass in your framing section and show it to your custom framing customers.
- 2 Invite your customer to pick from the glazing products in the point-of-purchase display based on the visual differences during the design process.
- 3 State the total price of the design (don't itemize the glass).
- 4 Seal the deal.

For AR Reflection Free ordering information please contact Culver Art & Frame at 800-882-2298.
AR Reflection Free Glass is also available with UV protection.
